Can I keep the Psychometric Portal after the Psychometrics for HR Decisions Course?

If you pay for it yes!

Here's how it works :)

We issue you with a free trial of the psychometric portal (psychometric testing system). You may use this during the course and if you have credits remaining after the course, you may continue to trial the system until the credits are used up or for up to 30 days from the date we issue you with the system (whichever is sooner). If you wish to continue using the system after the course, you will need to pay for the system at that point. It's a good investment, so we highly recommend it, however, the training we provide you with can be applied to other psychometric tests and systems if you prefer.
