No, this would be a violation of our terms of service. The course fee is for one person and is valid for the period of enrollment provided for that particular course. Our server monitors all log-ins and access details. If it discovers that an account is being accessed from varying IP addresses, further investigation will be undertaken, and where we discover duplicate use of log-in details, accounts will be terminated without notice. If there are a group of people who would like to register for a course, do let us know and we will consider providing a group discount.
