To start out as our affiliate there is no need to refer any sale, but you do need to agree to our terms and be vetted by our management. Once approved, you may remain an affiliate provided you continue to abide by our Terms and Conditions and refer at least one NEW qualified/confirmed sale per year. Ongoing/repeat sales/subscriptions are not included in this, so kindly ensure you refer one NEW client who has not purchased before. In the event that you do not meet this low single client target, your affiliate status will cease along with any recurring commissions.
