How can I become a PsyAsia Affiliate?

Affiliates · https://psyasia.com/kb/how-can-i-become-a-psyasia-affiliate/

To become a PsyAsia Affiliate, please contact us using our Live Chat icon on this page and provide your full name, company name and website address. Before doing so, please read all Affilate Knowledgebase articles as we seek your understanding and agreement with these. Upon receiving your details, we will review your website and may contact you for further details or to arrange a short online meeting. We are looking to work with those who are NOT COMPETITORS but who offer COMPLIMENTARY products and services and who have a similar World Class professional, ethical and quality ethos as PsyAsia International. If you are approved, we will ask you to complete a short form with your details (including payment details). After that, you'll have access to your own Affiliate Dashboard with links which you can add to your website menus, email signatures and so on. These links are personal to you and ensure that your referrals are tracked.
