How do I pay for a PsyAsia course?

Training FAQs · https://psyasia.com/kb/how-do-i-pay-for-a-psyasia-course/

Registration

Please register for our courses here.

Payment Methods

Depending on the course, we typically accept **credit card** and **bank transfer**. Credit card payments are usually slightly more expensive because we factor in the 6% processing fee charged to us by the processing company.

Hong Kong

Clients based in Hong Kong or those attending in-person training in Hong Kong will be billed in HKD with payment due to our Hong Kong HSBC account.

International

International clients and most clients who register for **online courses are charged in USD with payment due to our HSBC Hong Kong account** except where any course is managed by an international partner. In this case, your contract is with that partner and you will pay in the local currency or USD, whichever the partner has advertised.

Bank Fees

All bank fees, including any **intermediary bank fees** must be paid by the client so that we receive the full amount stated on the invoice.

Unpaid Invoices

For clients who make a confirmed booking on this site but decide before payment to withdraw their place (not pay), an admin/withdrawal fee of 10% of the invoiced amount will apply. **Please do not**

make any booking unless you have confirmed funds and approval to attend.

Registration on behalf of others

If you register on behalf of somebody else, kindly ensure you provide us with their contact details in order to ensure that they receive vital joining information and pre-course work (where required) before the course.

Thank you and we look forward to having you on our courses.
