I would like to find out more about PsyAsia’s Human Resource Training Courses in Asia

Training FAQs · https://psyasia.com/kb/i-would-like-to-find-out-more-about-psyasias-human-resource-training-courses-in-asia/

About The Courses

We suggest that you visit our Human Resource Training page for links to each course.

About Course Trainers

PsyAsia does not usually post firm details about the course facilitator in case these need to be changed. Remember, we advertise our courses up to 4 months in advance. It may happen that the originally scheduled trainer is in high demand and thus we may replace him/her with another equally qualified and experienced trainer. We can guarantee that all trainers are highly experienced in the subject matter and have at least a Master's degree (some have PhDs) in organisational psychology. They also have professional registration as organisational psychologists and must subscribe to a code of ethics as well as PsyAsia's competency model. Details of the finalised trainer will be sent to registered delegates approximately 2 weeks before the course.

About Course Venues

Given that some delegates register quite late for our courses, course venues are confirmed around 2 weeks prior to the event depending, on the course. We always train in centrally located venues. In Hong Kong, this is either Central, Admiralty or Mong Kok, and in Singapore most courses take place at the Conrad Hotel, Suntec (subject to change where required). We run courses with as few as 4 delegates and with up to 15 delegates, depending on the course. In almost all cases our courses accept about half the number of participants (or less) than our competitors to ensure great learning and personal support/feedback from the psychologist-facilitator.
