If I don’t intend to use the Psychometric Portal, should I attend this course?

Psychometrics for HR Decisions Course · https://psyasia.com/kb/if-i-dont-intend-to-use-the-psychometric-portal-should-i-attend-this-course/

Absolutely :)

The focus of the course is on preparing you with a basic understanding of how use psychometric tests competently. The focus is not on The Psychometric Portal. However, because this is a practical course where students learn by doing, we use The Psychometric Portal to undertake various practical exercises. It is entirely up to you if you wish to purchase and use the Portal after the course. Whatever you decide, you will benefit from exposure to this online psychometric testing system and it will assist you in digesting the course content.
