Is there an exam for the Assessment & Development Centre course?

Assessment Centre Training Course · https://psyasia.com/kb/is-there-an-exam-for-the-assessment-development-centre-course/

We no longer hold an exam at the end of this course, however, we do offer a practical formal assessment of competence:

All delegates who actively participate throughout the Assessment and Development Center Training Course will receive a **Certificate of Attendance** signed by the Psychologist Facilitator.

For an additional fee, delegates may choose to be assessed for a **Certificate of Competence**. This will require additional work outside of the course, wherein delegates will design their own Assessment or Development Center without extensive help from others. All documentation is to be submitted within 1 month after the course. Feedback will be provided in a 15-20 minute Online Meeting with the psychologist assessor and the Certificate of Competence will be issued for work that meets the required standard. This is an excellent and economical way to have a Psychologist check your work without paying a high Consulting Fee!!
