How do I pay for online courses?

Online Learning Centre · https://psyasia.com/kb/payment-for-online-courses/

Hong Kong

Clients based in Hong Kong or those attending in-person training in Hong Kong will be billed in HKD with payment due to our Hong Kong HSBC account.

International

International clients and most clients who register for **online courses are charged in USD with payment due to our HSBC Hong Kong account** except where any course is managed by an international partner. In this case, your contract is with that partner and you will pay in the local currency or USD, whichever the partner has advertised.

Bank Fees

All bank fees, including any **intermediary bank fees** must be paid by the client so that we receive the full amount stated on the invoice.

Credit Card

We may also offer credit card payment for some products and services. In such cases, we will ask you to pay the 6% processing fee applied by the card processor.
