What happens after I have been signed off by PsyAsia International for the BPS RQTU?

Psychometric Assessment at Work Course · https://psyasia.com/kb/what-happens-after-i-have-been-signed-off-by-psyasia-international-for-the-bps-rqtu/

After your work meets the required standards, we will forward your details to the BPS (provided you have sent us your completed Information Request Form). The BPS will then contact you directly to arrange for payment for their certification and registration on the BPS RQTU (Register of Qualifications in Test Use). This usually takes between 4-6 weeks after we have released your details. At this stage, you should contact the BPS with any further enquiries rather than PsyAsia International.

Kindly note that we pass your details onto BPS after you have completed all Levels that you registered for. Your course fee is based on this and incorporates discounts along these lines.
